Diversity, Expertise, Innovation, Commitment

Innovating Your Future
in Saudi Arabia

NOOR AL-MISAQ TRADING EST

مؤسسة نور الميثاق التجارية

About Us

At Noor Al-Misaq Trading Est, we deliver high-quality electrical, mechanical, and plumbing materials and equipment. As part of Mashail Electrical Trading Co., we leverage over 15 years of industry expertise to provide reliable and expert solutions for your needs.

With a commitment to excellence and innovation, we have established ourselves as a trusted partner in the industry, ensuring quality and customer satisfaction.

Expertise-Driven Services

With over 15 years of industry experience through our affiliation with Mashail Electrical Trading Co., and led by experts like Muhammad Waqar Iqbal a specialist in various types of panels with over 23 years of experience we deliver high-quality electrical, mechanical, and plumbing materials. Our expertise enables us to provide innovative, reliable solutions tailored to your specific needs.

Client-Focused Services

Your needs are our priority. We offer customized material sourcing to procure exactly what you require. Our technical support provides expert guidance on products like ATS, Power & Control Panels, BMS systems, and more. By emphasizing quality assurance and exceptional service, we build lasting relationships based on trust and reliability

Vision

To be the leading supplier of high-quality materials, known for excellence, innovation, and customer satisfaction.

Mission

Deliver comprehensive and reliable solutions for all customer needs, ensuring top-notch quality and exceptional service across a diverse range of products.

Values

We embrace diversity to enhance solutions, leverage expertise to deliver high-quality materials and services, drive innovation to meet unique client needs, and build trust through reliable, consistent service.

ELECTRICAL SOLUTION

MECHANICAL & SAFETY SOLUTIONS

PLUMBINGS SOLUTIONS

ELECTRICAL PANELS

At Noor Al-Misaq Trading Est., we provide industrial and commercial clients with custom electrical systems that enhance efficiency, safety, and reliability. Our expert team collaborates closely with you to deliver advanced panels tailored to your unique needs, meeting your budget and project goals. Leveraging our expertise and commitment to innovation, we ensure you receive the most reliable solutions for your specific requirements.

Revolutionize Your Power Management with Our Cutting-Edge Panels

Your Trusted Partner in Advanced Power Systems

At Noor Al-Misaq Trading Est, we specialize in delivering custom-designed panels that perfectly align with your specific needs. Our extensive range of high-quality panels includes:

- Automatic Transfer Switch (ATS) Panels
- Power Panels
- Control Panels
- Synchronizing Panels
- Manual Transfer Switch (MTS) Panels
- Building Management Systems (BMS)
- ...and many more custom solutions

We offer a wide array of panels beyond those listed here, tailored to meet the unique demands of your operations. No matter how specialized your requirements, our team is dedicated to crafting panels that enhance reliability, optimize performance, and integrate seamlessly within your systems. We don't just provide panels—we deliver innovation that drives your business forward.

Discover how our bespoke engineering can elevate your success.

Electrical Panels

Automatic Transfer Switch (ATS) Panels

ATS panels automatically transfer power between the main supply and backup sources during outages, ensuring uninterrupted operations.

Purpose: Facilitate seamless power transition between primary and secondary sources.

Types: Open Transition ATS, Closed Transition ATS, Delayed Transition ATS

Voltage Ratings: 120V, 240V, 480V, 600V

Current Ratings: 10A to 5000A

Applications: Industrial facilities, data centers, hospitals, critical infrastructure.

We provide ATS panels designed to match your specific power requirements, ensuring seamless and reliable operation.

Power Panels

Designed to distribute electrical power efficiently and safely throughout a facility.

Purpose: Centralized distribution of electrical power to various circuits.

Types: Low Voltage Power Panels, Medium Voltage Power Panels

Current Ratings: 100A to 5000A

Features: Short Circuit Protection, Overload Protection, Digital Metering

Our power panels are designed and built according to your facility's electrical needs, ensuring optimal safety and efficiency.

Control Panels

Essential for controlling and monitoring the operation of electrical systems and machinery.

Purpose: Automation and protection of electrical equipment.

Types: Motor Control Panels (MCC), Process Control Panels, Programmable Logic Controller (PLC) Panels

Voltage Ratings: 240V, 480V

Current Ratings: 10A to 5000A

Applications: Manufacturing plants, water treatment facilities, power plants.

Designed to integrate seamlessly into your operations, our control panels are customized for performance and reliability.

Synchronizing Panels

Ensure proper synchronization of generators to the power grid or other generators.

Purpose: Synchronize multiple power sources to operate in parallel.

Types: Generator Synchronization Panels, Grid Synchronization Panels

Current Ratings: 100A to 5000A

Features: Voltage & Frequency Synchronization, Load Sharing, Protection against overcurrent and underfrequency

Our synchronizing panels are built to meet your exact power management requirements, optimizing efficiency and safety.

Electrical Panels

Manual Transfer Switch (MTS) Panels

Provide manual switching between power sources during outages or maintenance.

Purpose: Manual control of power source selection.

Types: Single Phase, Three Phase

Current Ratings: 16A to 800A

Applications: Small to medium-sized commercial and industrial systems.

We offer MTS panels tailored to your power switching needs, ensuring a reliable and user-friendly experience.

Building Management Systems (BMS)

Intelligent control systems that manage and monitor building services.

Purpose: Optimize the operation of electrical systems in buildings for energy efficiency and system performance.

Types: HVAC Control Panels, Lighting Control Panels, Energy Metering Panels

Applications: Commercial buildings, hotels, large office complexes, industrial facilities.

Our BMS panels are customized to enhance energy efficiency and system automation for your building

Panel Accessories

Panel Accessories:

Essential components ensuring safe power distribution, control, and system reliability.

Circuit Breakers:

Protect circuits from overloads and faults.

Sizes: 1A to 1000A

Types: MCB (Miniature Circuit Breaker), MCCB (Molded Case Circuit Breaker), ACB (Air Circuit Breaker)

Motor Control & Protection Devices:

Sizes: 1A to 100A

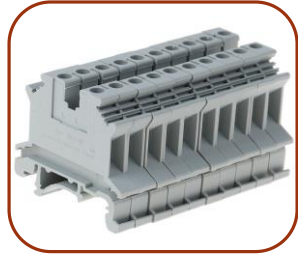

Types: Contactor Relays (3-Pole, 4-Pole, Miniature, Definite Purpose), Overload Relays (Thermal, Electronic, Adjustable), Auxiliary Contact Blocks, Timer Relays (On-Delay, Off-Delay), Motor Starters (DOL, Star-Delta)

Busbars:

Distribute power safely inside panels.

Sizes: Widths 10mm to 100mm

Types: Copper, Aluminum

Terminal Blocks:

Neatly connect wires within panels.

Sizes: 1.5mm² to 240mm²

Types: Screw, Spring

Panel Indicators & Meters:

Monitor panel status and electrical parameters.

Sizes: Standard panel sizes

Types: LED Indicators, Analog Meters, Digital Meters

Control Switches & Disconnects:

Control, isolate, and secure electrical circuits.

Sizes: 10A to 800A

Types: Selector Switches, Push Buttons, Rotary Disconnects

Air Conditioner

At Noor Al-Misaq Trading Est., we provide top-quality air conditioning solutions, offering both **Window ACs** and **Split ACs**, along with professional **installation services**. Our systems are designed to ensure optimal climate control no matter the space or application. Whether you need a compact, energy-efficient window unit or a sleek, powerful split system, we have the perfect solution for you.

Your Comfort, Our Commitment: Air Conditioners for Every Space

Stay Cool with Our Reliable Air Conditioning Solutions

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Split Air Conditioners:

Advanced Comfort with Sleek Design

Our **Split ACs** deliver powerful cooling performance with a modern aesthetic. Perfect for larger areas, they operate quietly and efficiently, ensuring a comfortable environment throughout your home or office.

Window Air Conditioners:

Efficient Cooling for Compact Spaces

Our **Window ACs** provide reliable and energy-efficient cooling, ideal for small to medium-sized rooms. Designed for easy installation, they offer a cost-effective solution to enhance comfort in your space.

Professional Installation Services:

To ensure optimal performance and longevity of your air conditioning system, we offer professional installation services. Our certified technicians handle the setup, allowing you to enjoy a comfortable environment without any hassle.

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

AC Accessories & Solutions

AC Accessories & Solutions:

Essential components and services for efficient air conditioner installation, maintenance, and performance.

AC Mounting & Installation Kits:

Mounting Brackets & Wall Sleeves:

Types: Mounting Brackets (Wall-Mounted, Ceiling-Mounted), Wall Sleeves (PVC, Metal)

Sizes: Mounting Brackets: Standard Customizable; Wall Sleeves: Standard

Copper Tubes & Drainage Hoses:

Types: Copper Tubes (Insulated, Uninsulated), Drainage Hoses (Flexible PVC, Reinforced)

Sizes: Copper Tubes: 1/4", 3/8", 1/2" Drainage Hoses: 1/2", 5/8", 3/4"

AC Maintenance & Cleaning Tools:

Cleaning & Maintenance:

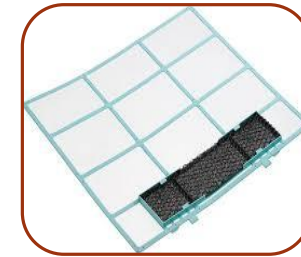

Types: AC Fin Comb (Metal, Plastic), Coil Cleaner Spray (Foam, Liquid), Replacement Filters (Carbon, HEPA, Standard)

Sizes: AC Fin Comb (Standard sizes for most AC units), Coil Cleaner Spray (250ml, 500ml, 1L), Replacement Filters (Standard)

Fixing & Replacement:

Types: Remote Control (Standard, Universal), Gas Filling Services (R22, R410A, R32),

Sizes: Remote Control (Compatible with all standard AC units), Gas Filling Services (Based on system capacity),

Disclaimer: Images are for reference only. Actual items may differ.

ELECTRICAL SOLUTIONS

At Noor Al-Misaq Trading Est., we offer a comprehensive range of high-quality electrical materials designed to meet the needs of industrial, commercial, and residential projects. From wiring and cabling to circuit breakers and lighting systems, our products ensure efficiency, safety, and reliability. Our team works closely with you to provide tailored electrical solutions that align with your project requirements, offering the best in performance and value.

Power Your Projects with Our Trusted Electrical Solutions

Electrical and Networking Cables

At Noor Al-Misaq Trading Est., we offer a comprehensive range of high-quality cables to meet all your project requirements. Whether you're working on residential, commercial, or industrial installations, we supply cables in various sizes (from 1.5mm² to 400mm²) and types, ensuring optimal performance and safety. Our offerings include:

- ❖ CU/XLPE/PVC Cables
- ❖ AL/XLPE/PVC Cables
- ❖ Flexible PVC Cables
- ❖ Flexible Rubber Cables
- ❖ Steel Wire Armoured (SWA) Cables
- ❖ Twin and Earth Cables
- ❖ Fire-Resistant Cables
- ❖ Low Voltage Cables
- ❖ Networking Cables

In partnership with leading manufacturers, we supply cables from renowned companies such as **Riyadh Cables, Saudi Cable Company, Bahra Electric, Sewedy Electric, Belden, Corning, Systimax, Jeddah Cables, and LDA Cable**. This collaboration ensures that we offer a diverse selection of cables to meet the unique demands of your projects.

Get the Right Cable for Your Project – Quality You Can Trust!

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Disclaimer: Images are for reference only. Actual items may differ.

CU/XLPE/PVC Cables:

Designed for industrial and commercial power distribution, these cables offer excellent conductivity and durability.

Sizes: 1.5mm² to 400mm²

Colors: Black, Red, Blue

Types: Unshielded Control Cable, Shielded Power Cable, Unshielded Power Cable

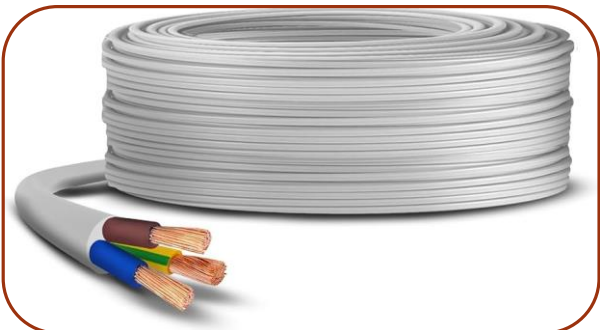

AL/XLPE/PVC Cables:

A cost-effective alternative to copper, suitable for medium to high-voltage applications.

Sizes: 1.5mm² to 400mm²

Colors: Black, Grey

Types: Single-Core Unarmored Cables, Armored Cables (e.g., AL/XLPE/SWA/PVC)

Flexible PVC Cables:

Ideal for environments requiring easy handling and installation, perfect for appliances and equipment.

Sizes: 0.5mm² to 4mm²

Colors: Black, White, Red

Types: Multi-Core Flexible Cables, Single-Core Flexible Cables

Flexible Rubber Cables:

Built to withstand harsh conditions, these cables are suitable for industrial and construction sites.

Sizes: 2.5mm² to 25mm²

Colors: Black, Yellow, Blue

Types: Heavy-Duty Rubber Cables, Light-Duty Rubber Cables

Steel Wire Armored (SWA) Cables:

Providing superior protection, these cables are ideal for underground or high-traffic areas.

Sizes: 2.5mm² to 25mm²

Colors: Black, Grey

Types: Multi-Core SWA Cable, Single-Core SWA Cables

Twin and Earth Cables:

Commonly used in domestic installations for lighting and power circuits.

Sizes: 1.5mm², 2.5mm²

Colors: White (core), Green/Yellow (earth)

Types: Flat Sheathed Twin and Earth, Round Sheathed Twin and Earth

Fire-Resistant Cables:

Ensuring circuit integrity during fires, these cables are essential for safety-critical systems.

Sizes: 1.5mm² to 6mm²

Colors: Red, Yellow, Black

Types: Single-Core Fire-Resistant Cables, Multi-Core Fire-Resistant Cables

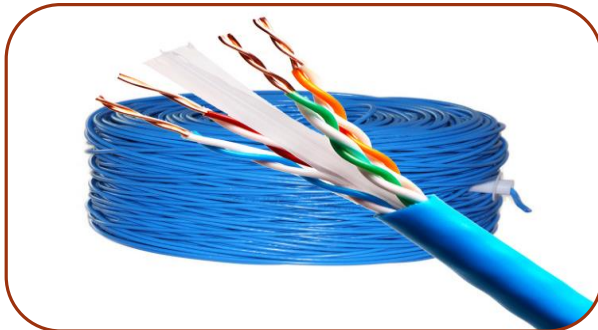

Low Voltage Cables:

Suitable for lighting, control systems, and other low-power applications.

Sizes: 0.5mm² to 2.5mm²

Colors: Black, Blue, Red

Types: Single-Core Low Voltage Cables, Multi-Core Low Voltage Cables

Networking Cables:

Ensuring high-speed data transmission for various network setups.

Sizes: CAT5, CAT6, CAT6a, CAT7

Colors: Blue, Black, Yellow

Types: Unshielded Twisted Pair (UTP), Shielded Twisted Pair (STP)

Electrical Switches & Sockets

Electrical Switches and Sockets

Reliable and durable solutions for power connectivity across various applications.

Standard Switches & Sockets

Designed for residential and commercial use, ensuring safe and efficient power distribution.

Sizes: 1-Gang to 4-Gang

Types: Single-Pole, Double-Pole

Disconnect Switches

Essential for ensuring electrical isolation during maintenance and enhancing safety.

Current Ratings: 16A to 630A

Types: Rotary, Fused, Non-Fused

Specialized Sockets & Switches

Tailored solutions for specific applications, providing seamless connectivity and control.

Sizes: Standard configurations for all sockets

Types: TV Cable Sockets, Internet & Telephone Sockets, Doorbell Switches, Fan Speed Control Switches, 3-Pin Male & Female Connectors

Lighting Solutions:

Enhance interior spaces with our energy-efficient and stylish lighting solutions.

Indoor & General Lighting:

Bright and energy-efficient solutions for homes, offices, and commercial spaces.

LED Bulbs & Tube Lights – Reliable and long-lasting lighting.

Sizes: 5W to 50W

Colors: Warm White, Cool White, Daylight

Panel Lights – Sleek and modern ceiling lights.

Sizes: 6W to 48W

Types: Square, Round

Outdoor & Security Lighting:

Durable, high-intensity lighting for security and outdoor applications.

Flood Lights – High-power illumination for large areas.

Sizes: 50W to 500W

Types: LED, Halogen

Outdoor Lights – Weather-resistant solutions for gardens, pathways, and landscapes.

Sizes: 10W to 200W

Types: LED, Decorative

Emergency & Backup Lighting:

Reliable lighting for power failures and safety-critical applications.

Emergency Lights – Backup lighting for homes, offices, and commercial spaces.

Types: Rechargeable, LED, Twin-Spot Emergency Lights

Exit Signs – Essential illuminated signage for safe exits.

Features: LED, Battery backup

Specialized & Industrial Lighting:

Designed for tough environments and specific industrial needs.

Waterproof Lights – Resistant to moisture and harsh conditions.

Types: IP65, IP67 Rated LED Fixtures

High Bay Lights – Powerful overhead lighting for warehouses and factories.

Sizes: 100W to 400W

Electrical Protection System

Electrical Protection System:

Essential systems that ensure safety by grounding faults, preventing surges, and protecting against lightning strikes.

Lightning Protection Systems:

Directs lightning strikes safely to ground.

Sizes: Varies by structure height

Types: Air Terminals, Down Conductors, Ground Electrodes

Surge Protection Devices:

Safeguards electrical systems against voltage spikes.

Sizes: 20kA to 100kA

Types: Type 1, Type 2, Type 3

Earthing Systems:

Provides safe grounding for electrical installations.

Sizes: 1m to 3m

Types: Earthing Rods, Conductors, Clamps

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Installation Accessories

Installation Accessories

Essential components for organizing, securing, and protecting electrical wiring.

Cable Termination & Connection:

Reliable solutions for securing and connecting electrical cables.

Cable Glands & Lugs – Provides secure cable termination.

Sizes: 1.5mm² to 400mm²

Types: Copper, Aluminum

Cable Nuts & Ferrules – Enhances cable connections and conductivity.

Sizes: Various (Standard & Custom)

Types: Brass, Aluminum

Cable Management Solutions:

Organized and secure wiring for safe and efficient installations.

Cable Ties & Fasteners – Keeps cables neat and properly routed.

Sizes: 100mm to 600mm

Types: Nylon, Stainless Steel

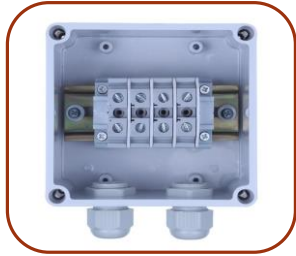

Cable Trays & Conduits – Structured support for cable installations.

Types: PVC, Steel, Perforated

Disclaimer: Images are for reference only. Actual items may differ.

Installation Accessories

Protective Enclosures:

Durable housings for electrical wiring and equipment.

PVC & Steel Boxes – Protects electrical components from external damage.

Sizes: Customizable

Types: Flush, Surface Mounted

Junction Boxes & Enclosures – Shields electrical connections for safety and durability.

Type: Plastic, Metal

Insulation & Sealing Solutions:

Reliable materials for insulation, sealing, and environmental protection.

Electrical Tape & Heat Shrink Tubing – Ensures insulation and long-lasting protection.

Sizes: 10mm to 50mm (Tape width), 2:1 to 4:1 Shrink ratio

Colors: Black, Red, Yellow/Green, Blue, Yellow

Liquid-Tight Flexible Conduits – Protects wiring in harsh environments.

Sizes: 10mm to 100mm(diameter), Connectors ½", ¾", 1", 1.5", 2".

Types: PVC Coated, Steel

Installation Accessories

Conduit Systems:

Reliable solutions for routing and protecting electrical wiring.

EMT Pipes – Lightweight, durable tubing for wire protection.

Sizes: ½", ¾", 1", 1¼", 1½", 2"

Material: Galvanized Steel

Standard: UL Listed

EMT Connectors & Couplings – Secure fittings for EMT installations.

Types: Compression, Set-Screw

Sizes: ½", ¾", 1", 1¼", 1½", 2"

Finish: Zinc-plated, Steel

Mounting & Support Hardware

Essential for securing and supporting electrical systems.

Strut Channels – Versatile frames for supporting electrical systems.

Sizes: 41x41mm, 41x21mm

Material: Galvanized Steel, Stainless Steel

Lengths: 3m, 6m

Channel Accessories – Connectors and fittings for strut assemblies.

Types: Angle Brackets, End Caps, Splice Plates

Material: Zinc-plated Steel, Aluminum

Finish: Hot-Dip Galvanized, Powder Coated

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Voltage Control & Conversion

Voltage Control & Conversion

Reliable solutions for stabilizing voltage and efficient power conversion.

Voltage Stabilizers

Protects electrical equipment from voltage fluctuations.

Automatic Voltage Regulators (AVR) – Stabilizes voltage in home and industrial setups.

Sizes: 500VA to 5000VA

UPS & Inverters – Backup power solutions for uninterrupted electricity.

Sizes: 600VA to 10kVA

Transformers

Devices for voltage conversion and electrical isolation.

Step-Up & Step-Down Transformers – Adjust voltage levels for different applications.

Sizes: 1kVA to 500kVA

Mini Transformers for Electrical Panels – Compact transformers designed for integration within electrical panels, ensuring efficient voltage regulation.

Sizes: Typically range from 50VA to 500VA

Disclaimer: Images are for reference only. Actual items may differ.

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Electrical Tools

Electrical Tools

A comprehensive range of tools designed for electricians, technicians, and contractors to ensure efficient and safe electrical installations and maintenance.

Cable Termination & Connection Tools

Essential for preparing and securing electrical connections.

Wire Strippers & Cutters – Precision tools for removing insulation and cutting electrical wires.

Sizes: 0.5mm² to 10mm²

Types: Manual, Automatic

Crimping Tools – Ensure secure attachment of connectors to cables.

Sizes: Compatible with terminals from 0.25mm² to 16mm²

Types: Ratchet, Hydraulic

Measurement & Testing Instruments

Tools to assess and ensure the integrity of electrical systems.

Multimeters & Voltage Testers – Devices for measuring voltage, current, and resistance.

Types: Analog, Digital

Insulation Resistance Testers – Evaluate the quality of insulation in wiring and components.

Types: Handheld, Bench-mounted

Disclaimer: Images are for reference only. Actual items may differ.

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Electrical Tools

Fastening & Securing Tools

Instruments designed for assembling and securing components.

Screwdrivers & Nut Drivers – Essential for tightening and loosening fasteners.

Types: Insulated, Non-Insulated; Flathead, Phillips, Torx

Pliers – Versatile tools for gripping, bending, and cutting.

Types: Needle-Nose, Lineman's, Diagonal Cutting

Drilling & Cutting Equipment

Tools for drilling, shaping, and cutting materials.

Drill Machines & Drill Bits – For drilling holes in various materials.

Types: Corded, Cordless, Twist, Masonry, Spade(Drill Bit)

Sizes: 1/4", 3/8", & 1/2" chuck sizes, (Drill Bit) 1/16" to 1" diameter

Grinders & Cutting Discs – For grinding and cutting applications.

Types: Angle Grinders, Bench Grinders; Metal Cutting Discs, Stone Cutting Discs

Sizes: 4.5 inches (115mm), 9 inches (230mm)

Disclaimer: Images are for reference only. Actual items may differ.

Electrical Tools

Safety & Protective Gear

Equipment to ensure safety during electrical work.

Insulated Gloves – Protect against electrical shocks.

Sizes: Available in various sizes to ensure proper fit

Safety Glasses – Shield eyes from debris and sparks.

Types: Standard, Wraparound, with Anti-Fog Coating

Hearing Protection – Protect ears from high-decibel noises.

Types: Earplugs, Earmuffs

Measuring & Layout Tools

Accurate measurement and alignment tools for installations.

Measuring Tapes – For precise length measurements.

Sizes: 1 meter to 10 meters

Fish Tapes – Aid in routing wires through conduits and walls.

Sizes: Lengths vary from 15 meters to 60 meters.

Laser Levels – Ensures accurate alignment and leveling.

Types: Line Laser, Rotary Laser

MECHANICAL & SAFETY SOLUTIONS

At Noor Al-Misaq Trading Est., we provide a comprehensive range of mechanical tools and safety solutions designed to meet the demands of industrial, commercial, and residential applications. Our high-quality, precision-engineered tools ensure durability, performance, and efficiency, while our safety equipment guarantees a secure and protected work environment.

Power Your Work, Protect Your Workforce

Reliable, Durable, and Efficient – Plumbing Solutions for Every Need!

From hand tools and safety equipment to cleaning and marking solutions, Noor Al-Misaq Trading Est. provides high-quality mechanical and safety products tailored to your industry needs. Our team of experts ensures that you receive the right tools and protective gear to enhance efficiency, maintain safety standards, and support seamless operations—all while staying within your budget.

Our Mechanical & Safety Categories:

- ❖ Hand Tools
- ❖ Safety Equipment
- ❖ Cleaning & Painting Equipment
- ❖ Marking & Warning Products

And that's not all! We offer an extensive selection of mechanical tools to suit every requirement, ensuring that you have the right equipment for every job. Whether you need heavy-duty cutting tools, precision measurement instruments, or robust fastening solutions, we've got you covered.

Our inventory is continuously expanding to meet evolving industry demands, so if you don't see what you're looking for, just ask—we've got more!

Hand Tools

Cutting and Shaping Tools:

Types: Hammers (Claw, Sledge, Ball Peen), Shovels (Round Point, Square Point, Trenching), Post Hole Diggers (Manual, Auger), Hole Saw Cutters (Bi-Metal, Carbide-Tipped, Diamond Grit), Wall Scrapers (Fixed Blade, Replaceable Blade), Round Files (Single Cut, Double Cut)

Sizes: Hammers: 8 oz to 16 lb; Shovels: Blade widths 8 to 14 inches, handle lengths 28 to 48 inches; Post Hole Diggers: Blade diameters 6 to 12 inches; Hole Saw Cutters: Diameters $\frac{3}{4}$ inch to 6 inches; Wall Scrapers: Blade widths 1.5 to 4 inches; Round Files: Diameters $\frac{3}{16}$ inch to $\frac{1}{2}$ inch, lengths 6 to 12 inches

Fastening and Measuring Tools:

Types: Spanners/Wrenches (Adjustable, Combination, Socket), Self-Drilling Screws (Steel, Stainless Steel), Tape Measures

Sizes: Spanners: $\frac{1}{4}$ inch to 2 inches; Self-Drilling Screws: Diameters #6 to #14, lengths $\frac{1}{2}$ inch to 3 inches; Tape Measures: Lengths 12 feet to 30 feet

Safety Equipment

Protective Gear:

Types: Helmets (Safety, Welding), Footwear (Safety Shoes, Chemical-Resistant Boots), Rain Gear (Coats, Suits)

Sizes: Helmets: Adjustable; Footwear: Men's US 6 to 14, Women's US 4 to 12; Rain Gear: Small to 3XL

Fire Safety Equipment:

Types: Fire Extinguishers (ABC Dry Powder, CO₂, Foam), Fire Blankets (Fiberglass, Wool), Fire Alarm Batteries (Lithium, Alkaline)

Sizes: Fire Extinguishers: 2 kg to 9 kg; Fire Blankets: 1m x 1m to 2m x 2m; Fire Alarm Batteries: 9V, AA, AAA

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Safety Equipment

Respiratory Protection

Essential for safeguarding against airborne contaminants in various work environments.

Types: Disposable Masks (N95, FFP2), Half-Face Respirators, Full-Face Respirators, Powered Air-Purifying Respirators (PAPR)

Sizes: Standard (Adjustable Straps), Sizes S to XL

Filters: P1, P2, P3, ABEK

Fall Protection Equipment

Designed to prevent falls and ensure safety when working at heights.

Types: Full-Body Harnesses, Lanyards (Shock-Absorbing, Self-Retracting), Anchor Points, Lifelines

Sizes: Harnesses: S to 3XL; Lanyards: 1.5m to 2m

Standards: EN 361, EN 354, ANSI Z359.1

Disclaimer: Images are for reference only. Actual items may differ.

Safety Equipment

First Aid & Emergency Response

Essential equipment for immediate medical assistance and emergency situations.

Types: First Aid Kits (Basic, Comprehensive), Automated External Defibrillators (AEDs), Eye Wash Stations (Portable, Plumbed), Emergency Showers

Sizes: First Aid Kits: Small (10-person) to Large (50+ person); AEDs: Standard; Eye Wash Stations: 1L to 15L capacity; Emergency Showers: Standard dimensions

Hazardous Material Handling

Specialized equipment for safe management of hazardous substances.

Types: Spill Containment Kits (Chemical, Oil, Universal), Chemical Storage Cabinets (Flammable, Corrosive), Biohazard Waste Containers, Gas Cylinder Storage Racks

Sizes: Spill Kits: 20L to 240L; Cabinets: 30-gallon to 90-gallon; Waste Containers: 5L to 50L; Cylinder Racks: Single to Multiple Cylinder Capacity

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Cleaning & Painting Equipment

Cleaning Tools:

Types: Road Cleaning Tools (Hand Sweepers, Push Brooms), Cotton Gloves (Knitted, Dotted Palm), Hand Brush,

Sizes: Brooms: Widths 18 to 36 inches; Hand Sweepers: Sweeping widths 20 to 30 inches; Cotton Gloves: Small to XL

Painting Tools:

Types: Paint Brushes (Natural, Synthetic, Blended Bristle), Paint Rollers (Foam, Synthetic Fiber, Natural Fiber), Paint Spray Bottles (Handheld Pump Sprayers, Aerosol Spray Bottles)

Sizes: Brushes: Widths 1 to 4 inches; Rollers: Widths 4 to 18 inches, nap lengths ¼ inch to 1¼ inches; Spray Bottles: Capacities 250 ml to 1 liter

Paints:

Types: Latex, Oil-Based, Acrylic

Finishes: Matte, Eggshell, Satin, Semi-Gloss, Gloss

Colors: Full spectrum of standard and custom colors

Disclaimer: Images are for reference only. Actual items may differ.

Marking Tools:

Types: Permanent Markers (Chisel Tip, Fine Tip), Carpenter's Pencils, Chalk Lines, Scribes, Marking Crayons, Paint Markers, Deep Hole Markers, Clog-Free Markers, Long Nib Markers

Sizes: Markers: Standard sizes; Pencils: Standard carpenter's pencil size; Chalk Lines: 30 to 100 feet; Scribes: Standard sizes; Crayons: Standard sizes; Paint Markers: Standard sizes; Deep Hole Markers: Standard sizes; Clog-Free Markers: Standard sizes; Long Nib Markers: Standard sizes

Warning Devices:

Types: Warning Tapes (Non-Adhesive, Adhesive), Warning Flags (Vinyl, Polyester), Visual Alarms, Traffic Cones

Sizes: Tapes: Widths 2 to 6 inches, lengths 100 to 1000 feet; Flags: 12 x 12 inches to 24 x 24 inches, Traffic Cones: 12 inches to 36 inches

Colors: Red, Yellow, Black, White, and combinations

PLUMBING SOLUTIONS

At Noor Al-Misaq Trading Est., we offer a comprehensive range of plumbing materials and solutions designed to meet the demands of residential, commercial, and industrial applications. Our commitment to quality and reliability ensures that you receive durable, high-performance plumbing products that enhance efficiency, safety, and longevity.

Experience Seamless Water Flow with Our Premium Plumbing Solutions

Reliable, Durable, and Efficient – Plumbing Solutions for Every Need!

From **pipes and fittings** to **sanitary ware and plumbing tools**, budget.at Noor Al-Misaq Trading Est, we provide solutions tailored to your project needs. Our team of experts works closely with you to ensure the best selection, meeting your specifications while staying within your.

OUR PLUMBING PRODUCT CATEGORIES

- ❖ Pipes & Fittings
- ❖ Valves & Controls
- ❖ Mounting & Support Hardware
- ❖ Drainage Solutions
- ❖ Sanitary Ware & Accessories
- ❖ Plumbing Tools & Consumables.

And that's not all! We offer **a vast range of plumbing products** to suit every requirement, ensuring top-quality materials for industrial, commercial, and residential applications. Whether you need **specialized fittings, heavy-duty pipes, or precision control valves**, we have the right solution. Our inventory is continuously expanding to meet your demands, so if you don't see what you're looking for, **just ask—we've got more!**

NOOR AL-MISAQ TRADING EST
مؤسسة نور الميثاق التجارية

Disclaimer: Images are for reference only. Actual items may differ.

Pipes:

Materials: PVC (Polyvinyl Chloride), CPVC (Chlorinated Polyvinyl Chloride), Galvanized Steel, Copper

Types and Sizes:

Classes: Schedule 40, Schedule 80, Class 3, Class 4, Class 5, ...and many more

Sizes: Diameters from ½ inch to 8 inches; Lengths: 10-foot, 20-foot, and 21-foot sections

Fittings:

Materials: PVC, CPVC, Galvanized Steel, Copper

Types and Sizes:

Configurations: Elbows (45° and 90°), Tees, Couplings, Adapters, Reducers, Caps, Plugs, ...and many more

Sizes: Corresponding to pipe sizes; typically ranging from ¼ inch to 8 inches, depending on material

Flow Control Valves

Gate Valves & Ball Valves:

Materials: Brass, Bronze, Cast Iron, PVC

Types: Gate Valves (Rising Stem, Non-Rising Stem), Ball Valves (Full Port, Standard Port)

Sizes: Gate Valves: ½", ¾", 1", 2"; Ball Valves: ½", ¾", 1", 1¼", 2"

Angle Valves & Stop Valves:

Materials: Brass Chrome-Plated, Plastic

Types: Angle Valves (90° Control), Stop Valves (Multi-Turn, Quarter-Turn)

Sizes: Common sizes: ½", ¾", 1"

Non-Return & Safety Valves

Check Valves & Foot Valves:

Materials: Metal, Plastic

Types: Check Valves (Swing, Spring-Loaded), Foot Valves (Strainer-Integrated)

Sizes: Check Valves: ½" to 4"; Foot Valves: 1" to 3"

Float Valves & Pressure Relief Valves:

Materials: Plastic, Brass

Types: Float Valves (Mechanical, Automatic), Pressure Relief Valves (Adjustable, Fixed Pressure)

Sizes: Float Valves: ½", ¾", 1"; Pressure Relief Valves: ½", ¾", 1"

Pressure Range: 75–150 psi

Support Hardware:

Materials: Steel, Stainless Steel, Brass

Types and Sizes:

Types: Pipe Clamps, Hangers, U-Bolts, Brackets...and many more

Sizes: ½ inch to 8 inches

Drainage Solutions:

Materials: PVC, CPVC, Galvanized Steel

Types and Sizes:
